Initiation of Amendments.

Persons entitled to propose amendments. Amendments to the official zoning map, to the text of the chapter or to the comprehensive plan may be proposed by the owner of property, his or her authorized agent or any other interested party. Such amendments also may be initiated by majority vote of the members of the City Council or the Planning Commission. Once an amendment to the comprehensive land use map, official zoning map or text of this chapter is initiated by the City Council; no application for a land disturbance permit or land development permit, variance, appeal or conditional use for an affected property shall be accepted until final action is taken by the City Council on the proposed amendment.

Application Schedule.

- (1) Amendments to the official zoning map, to the text of this chapter and to the comprehensive plan must be submitted at least 45 days prior to the date on which it is to be considered by the City Council.
- (2) An application to amend the official zoning map affecting the same property shall not be submitted sooner than **12 months** following the date of final action by the City Council on the previous application. The City Council may vote to reduce this requirement, when such action is deemed necessary to prevent injustice or facilitate the proper development of the city. Order of Amendments.

- (1) The text of this chapter may be amended without an amendment to the comprehensive plan, if the proposed amendment would be consistent with the intent of the current comprehensive plan. However, a text amendment to the zoning ordinance that is inconsistent with the comprehensive plan shall not be considered until the comprehensive plan is amended to be consistent with the proposed text amendment of the zoning ordinance
- (2) The official zoning map may be amended without an amendment to the comprehensive plan, if the proposed amendment would permit a use that is permitted under the current comprehensive plan designation.
- (3) No amendment to the official zoning map may be approved if the amendment would permit a use that is not authorized by the current comprehensive plan. The applicant must first obtain an appropriate amendment to the comprehensive plan. Such application to amend the official zoning map may not be approved until after the final approval action of the City Council on the comprehensive plan amendment. In case of a denial of the amendment to the comprehensive plan by the City Council, the original amendment to the official zoning map may not be re-submitted until the department certifies that it is consistent with the approved comprehensive plan.

Withdrawal of applications.

An incomplete application for an amendment to the official zoning map, comprehensive plan or text of the chapter shall be withdrawn by the department with full refund of fees. An applicant also may withdraw his or her application with a full refund of fees within 10 days after the application deadline. **However, no application shall be withdrawn after the legal advertising**, as required by this chapter, shall have been submitted for publication in the legal organ of the county or city.

Within 10 days of such a request, the department shall schedule a pre-application conference with the applicant and other relevant city departments.
