

adopt-A-Mile Program

*presented by the City of Conyers
Planning and Inspections Services Department*

Be part of a cleaner, more vibrant Conyers!
Your business, church, or organization's help is needed to
help clean a city street. Here are the details:

Agree to adopt a mile for 12 months.

Agree to clean up the area at least four times a year.

The city provides the equipment (bags, gloves, vests and training).

You determine how many volunteers are needed and when you want to schedule the cleanup.

Your organization's name will be featured on a street sign along your designated cleanup area and you'll be recognized by the Mayor and Conyers City Council.

Your organization provides a valuable service, promotes goodwill for the city, and recognition for a job well done!
